

FACTS Book Club

Marijuana: The Unbiased Truth About America's Favorite Weed

By Kevin P. Hill, M.D.

Join us for a book club to explore some of the myths and misinformation about cannabis.

Community members are invited to read Dr. Hill's science-based explanation in advance, and then gather for a balanced discussion. Amy Heffernan, Gates Middle School Wellness teacher, and Steve Howley, School Psychologist at SHS, will co-facilitate the evening meeting. Loaner books are available. Please register for details.
